Chemsultants International receives A2LA Accreditation to provide On-Site Calibration Services

Chemsultants International was recently awarded accreditation status by A2LA (the American Association for Laboratory Accreditation) to provide on-site Calibration services complying with the widely recognized ASTM E4 Standard requirements.

The Company is accredited under ISO 17025 to perform force calibration and verification of load cells for a variety of the test instruments manufactured by ChemInstruments Inc., a Chemsultants International company. Fully accredited calibration service is available for the AR-1000 and AR-1500 Adhesion Release testers, the PA-90 and PA-180 Adhesion testers, the HSR-1000 High Speed Release tester, the LT-1000 Loop Tack tester, and the TT-1000 and TT-1100 Tensile Testers. Other test equipment manufactured by ChemInstruments, Inc. can also be calibrated to the ASTM E4 standard.

The Calibration Services Program will be available beginning September 1, 2009 through Chemsultants International's Mentor, Ohio facility. Additional information on the services available and costs can be obtained by contacting Joe Mausar at 1-440-974-3080 or jmausar@chemsultants.com.

#####

Chemsultants International is a worldwide leader in the research, development and testing of novel polymer-based products and technologies. For over 20 years Chemsultants International has shared an entrepreneurial spirit and provided confidential, creative solutions to companies world-wide in markets as diverse as Aerospace, Medical, Electronics, Tape & Label, Pharmaceutical, Automotive, and many more.
